NEW NOTES, FEED BACKS, and OBSERVATIONS: Please Read

1. As you all know, by this point, we are finishing the school year using the online format. It has been a real challenge to get everyone on the same page. **Thank you all for doing your best** in playing assignments, to answer **all** the listening assignments (written), and turning in your **practice log**.
2. At the same time, the slow grind of assignments, is wearing on everyone. I know, personally, each week it is getting harder and harder to stay motivated. **Do your best** to stay focused and to **stick with your game play**. I find personal victories when I can check off items on my to do list.
3. **Do something nice for yourself and for others**. Try to get your work done early in the day so you can relax in the evening. Playing cards and board games, as old fashion as that sounds, is a good way to have some laughs with your family. Try to reach out to a couple of your friends each day just to check on them. It's really nice to hear from people. People really appreciate knowing you care.
4. **Catch-up week**. No recordings, listening assignments, or written assignments this week. The only thing I want you to turn in is your **Practice Log**. Everyone will receive their grade and attendance from the practice log. So still practice, I just want to give you a week to get caught up on anything you still need to turn in whether it's band related or not.
5. **Leadership applications** will go up on Monday. Basically it will be a google form you can fill out and submit. **Drum Major auditions will be done in a video format** (basic patterns and a song to conduct). The DM videos will be evaluated by band directors at other schools.
6. I would like to arrange a google meets **conference with band council**. I would like to discuss a few end of the year items. I was thinking Tuesday, April 28th at 1:00pm. Let me know if that is a conflict for you. I have a band parent meeting later that day and I would like to meet with the band council before.
7. Stay Safe and be mindful in keeping a positive attitude.

5. Practice Log -

During the week when you practice, record how long and what you practiced. At the end of the week click on the link and fill out all of the questions. **You are asked to practice 4 or 5 times per week for a min. of 30 minutes per session.** On the days you do not practice mark 0 minutes for that day on the practice log. If you have any questions don't hesitate to send us an email. Please be honest with your responses.

Click here to take you to the digital practice log. This is a new link for Week 5. The link for the practice log must be opened through Google Chrome.
