

Percussion assignment

Week #5 - April 25 - April 30, 2020

NOTES:

- Send emails of recordings, responses, or questions to: [**shsperconline@gmail.com**](mailto:shsperconline@gmail.com)

Hey everyone!

Great job with all of the video responses! We've gotten through the entire packet and even covered some more advanced stuff with flams and mallets. We'll take a break from playing this and just review some simple rhythms and reading.

For this weeks assignment watch the youtube video for a refresher on reading, counting, and subdividing. Fill out the worksheet in the same way he did in the video and send a picture of it with all of the counts written in. Also send a youtube video of anything percussion related that you find cool or that inspires you and tell me why! I recommend vic firths youtube page, they have tons of videos on marching and concert percussion!

That's it for this week, I hope you've all been doing well and I can't wait to see you guys play as a group again!

-Mr. Cambrelen

Let me know if you have any questions on how he explains things!

My extra video: <https://www.youtube.com/watch?v=mJEiIOQFCA0>

This is a video of my first WGI world championship finals performance with Infinity! I'm the middle vibe in the back row of the front ensemble under the A. I ended up going to world finals 3 times, and this wasn't the highest scoring show I was in, but it's definitely my favorite! The music was so much fun and I'm so proud to have been a part of it.

Rhythm Counting
